ALAMO REGIONAL DATA ALLIANCE

The Alamo Regional Data Alliance (ARDA) is a vibrant network of data professionals, leaders, and change-makers who share the common belief that individuals and organizations throughout the community should be informed by timely quality data when making decisions that impact their lives or the lives of those they serve. By advancing community-wide collaborative support for data-related programs and policies, ARDA is leading the Alamo Region toward becoming a truly data-driven community.

OUR VISION

The Alamo Regional Data Alliance's vision is to improve the lives of people in our region by establishing and supporting a culture of data-driven action. Guided by the principles of COMMUNITY, COLLABORATION, and TRUST, ARDA's mission is to collectively support the Alamo Region in implementing and strengthening the policies and programs needed for data-driven decisions to be made throughout the community.

ARDA is **community-driven** and driven by the **community**

ARDA believes **collaboration** and inclusivity cultivate innovation and action

ARDA builds **trust** through transparency and respect
